

Plan for a Safe Return to In-Person Instruction and Continuity of Services 2021-2022 School Year

Purpose:

This specific plan is aligned with the 2021-2022 School Year Overview posted by the Helena Public Schools on June 8, 2021 ([link](#)). This Plan for a Safe Return to In-Person Instruction and Continuity of Services is supplemental in nature and aligned with state and/or federal requirements associated with Elementary and Secondary School Emergency Relief (ESSER) funding. While required for funding purposes, the below information is aligned with what our district has communicated through the above-noted overview. By design, the overview provides a narrative for the environment that we are planning for as we approach the forthcoming 2021/2022 school year. As noted below, this plan, the aligned overview, and any other supplementary document/plan will be reviewed on a quarterly basis.

Scheduled Quarterly Consideration:

- June 2021 (*original date of post*)
- September 2021
- December 2021
- March 2022
- June 2022

Part I: Pandemic Recap (March 2020 through June 2021)

Spring 2020: The Helena Public Schools were ordered to close to in-person instruction on March 15, 2020, under an executive order issued by then-Governor Bullock. Districts were provided a two-week period of time during which they could remain fully closed to instruction of any kind while developing a plan for remote instruction required by the Governor.

Although our district was authorized to remain closed for a two-week period, the Helena Public Schools quickly mobilized and began remote instruction within the week, on Thursday, March 19, 2020.

On April 22, 2020, then-Governor Bullock lifted his Stay-at-Home Order, and announced a plan to initiate a phased reopening. As part of that plan, effective May 7, 2020, all schools were provided the option to return to in-classroom teaching at the discretion of local school boards. The Helena Public Schools utilized remote instruction through the remainder of the 2019-2020 school year concluding school on Wednesday, June 10, 2020.

As our district worked through the initial weeks and months of the pandemic, the Board of Trustees considered and adopted various model policies provided by the Montana School Boards Association under its 1900 Series. These included policies aligned with CDC guidance regarding mitigation strategies to limit exposure to and transmission of COVID-19 in school settings.

Summer 2020: Across the spring and summer months of 2020, the Helena Public Schools worked to develop a plan for the 2020-2021 school year. During that time, it became clear that our district would need a multifaceted plan to accommodate the anticipated rise and fall of COVID-19 cases in our schools and community. A public planning process was developed and detailed for the Board of Trustees as part of their June 9, 2020, meeting. A related update was provided to parents and families as our planning strengthened to include volunteers from across our district and community.

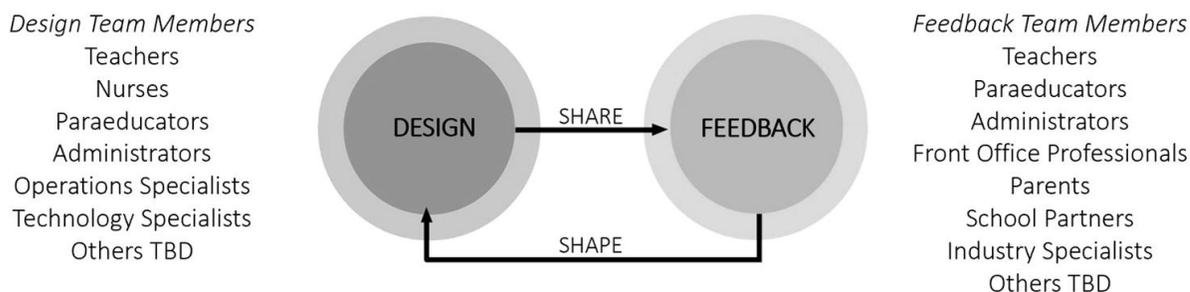

Beginning in mid-June (2020), over 140 volunteers came together as part of eight teams to focus on the development of plans for each of the below-listed interrelated areas. These volunteers typically dedicated up to ten-plus hours per week to meeting and designing the plans contained within this overarching document. Their dedication and continual service to our students, families and community was invaluable to the iterative development of the best possible plans.

Each team (figure 1) continued to meet through mid-July including dedicated feedback sessions with educators, parents, and other school partners. These “design sprints” (figure 2) provided early feedback from fellow stakeholders that successfully informed and shaped developing plans. Following each feedback session, teams utilized the shared insights to inform their designs.

Figure 1: Planning Teams

FACILITIES TEAM	Focused on the health and safety needs of each school/facility
HEALTH/WELLNESS TEAM	Focused on proactive and responsive health practices/protocols
INSTRUCTION TEAM	Focused instructional programming including in-person, blended and remote learning
SCHOOL OPERATIONS TEAM	Focused on phase-specific school structures, programs and practices
TECHNOLOGY TEAM	Focused on supporting the technology-specific needs of all work teams
PROFESSIONAL LEARNING TEAM	Focused on professional learning needs including pre-opening trainings
STUDENT SUPPORT TEAM	Focused on general and phase-specific student support services
BUSINESS FUNCTIONS TEAM	Focused on ongoing and emergency business functions by phase

Figure 2: Design Sprint Process Graphic

Our planning process included consideration of local, state, and national-level guidance. This guidance, along with regular feedback from our partners at Lewis & Clark Public Health, provided meaningful information that informed the various drafts of the 2020-2021 plan ([link](#)). The first draft of this plan was posted for public consideration in late July. Please see the associated link for parent/family updates that were associated with the pandemic ([link](#)).

2020/2021 School Year: Throughout the 2020-2021 school year, our schools and educators sought to provide quality learning opportunities to our students while maintaining safe, and healthy environments in alignment with national guidance from the Centers for Disease Control and Prevention (CDC). The Helena Public Schools utilized three of the four outlined phases across the 2020-2021 school year. Phases included Phase 0 (remote only) for our two comprehensive high schools for a period of seven school days in late November/early December. Phase I (blended/hybrid) was utilized for all schools/grade levels across the fall semester and, depending on the level, into February and March. Phase II (modified blended/in-person) was utilized for the remainder of the year. Phase III (normal format/operations) was not utilized at any point during the 2020-2021 school year.

Across the fall and winter, the Helena Public Schools implemented designated phasing metrics to help inform school format/phasing decisions ([link](#)). Metrics were updated weekly and communicated publicly as part of our Weekly Monitored Health Indicators reports ([link](#)). These phasing metrics were modified in February as a result of new guidance provided by the Harvard Global Health Institute.

As a school district, we worked to update our community through the daily posting of COVID related information, weekly reports, and other district-wide messages. We held publicly noticed meetings including opportunities for public comment. In addition, we utilized data from multiple surveys to gain a better understanding of how our families and employees were viewing matters pertaining to school within a pandemic. Feedback was carefully considered as our district worked to revise plans across the 2020-2021 school year.

Part II: 2021-2022 Plan Development (March 2021 through June 2021)

We noticed, held, and invited public comment on our evolving plans for the 2021-2022 school year as part of our June Board of Trustees Meeting (June 8, 2021). This included the posting of our district’s overview document and an associated feedback survey. This was followed by a

districtwide email on June 15, 2021, in which the plan was further highlighted and parents, families (including students), and HSD employees were encouraged to provide feedback.

As planning continues across the summer months, the Helena Public Schools will continue to post and communicate developing plans. In addition, we will work to ensure that our efforts in this regard include a broad and diverse representation of our community including families with special needs students, families with children learning English as a second/other language, families experiencing homelessness, children in foster care, migratory students, children who are in detention centers, and other families/students that may have increased and/or unique needs.

Part III: Contents of The School District's Plan for Safe Return to In-Person Instruction and Continuity of Services:

The below areas describe how the Helena Public Schools will maintain the health and safety of students, employees, and families.

Aligned Governance: Following the lifting of the Stay-at-Home Order and subsequent reopening of the state on April 22, 2020, the Helena Public Schools utilized the Montana Public Education Center *Roadmap for Safely Reopening Montana's Public Schools Using Emergency School District Policies* and below-listed MTSBA Model Emergency Policies to determine next steps. Utilizing these resources supported our district's continued service to students with transparency and accountability while ensuring the operations of the school district reflected the circumstances in our community.

Pandemic-Specific Policies: Dates of Original Adoption

- Policy 1900: Adopted 03/27/20 – Revised 04/28/20, 05/12/20
- Policy 1901: Adopted 03/27/20 – Revised 04/28/20
- Policy 1902: Adopted 03/09/21
- Policy 1904: Adopted 03/27/20 – Revised 04/28/20 – Terminated 06/08/21
- Policy 1905: Adopted 03/09/21 – Revised 04/13/21, 06/08/21
- Policy 1906: Adopted 04/28/20 – Revised 05/12/20
- Policy 1907: Adopted 04/28/20

The policies ensured that our Board of Trustees and school leaders honored the following priorities: continued teaching and learning for our students; a healthy, safe setting for students, employees, families, and Helena community, needed social-emotional supports for students/families and employees, and responsible operational and fiscal procedures. The policies provided an actionable plan for completing the 2020-2021 school year in a manner that met these priorities and secured district funding while providing an operational platform for considering long term innovations in the delivery of education services.

For additional policy-related information, please see the appendix.

Safety Measures: The Helena Public Schools continue to actively consider the above-noted emergency policies including any needed amendments, administrative procedures, and the suspension/removal of policies as they are no longer relevant or needed. To support students' academic, mental, social, and emotional success, the district is actively

implementing alternative grading, enhanced counseling, alternative transportation schedules, meal distribution, summer programming, and particular support services for students with increased needs. Furthermore, in an effort to ensure a safe and healthy environment for our students, employees, and families, the Helena Public Schools have utilized specific plans and procedures including enhanced cleaning and disinfection, community use of facilities, county board of health orders, diagnosis and confidentiality, hand washing and related hygiene protocols, telework, school closure orders, stay at home orders, symptom monitoring and isolation, travel quarantines, visitors, volunteers, vulnerable individuals, masks and personal protective equipment, and physical distancing in consult with unions and employee groups. Specifics are as follows.

Universal and Correct Wearing of Masks:

The Helena Public Schools adopted and have utilized a Board Policy specifically related to the use of masks within/across our schools. Per our plan for the 2020/2021 school year, masks were required for all students, employees, and visitors.

Board Policy 1905 was adopted on 03/09/21 in alignment with this ongoing expectation. The policy was revised on 04/13/21 to allow masking outdoors to become optional. On 06/08/21, the policy was renamed to be Student, Staff, and Community Health and Safety Needs.

As of now, the revised policy recommends the correct use of face masks while indoors but does not mandate mask use. Please note that Montana laws preclude policies/practices that include differentiated rules based on a person's vaccine status. Therefore, we must either require the use of masks for all students, employees, and visitors or choose to make masking optional. As of now, the use of masks remains optional but recommended when indoors and/or situations in which proper distancing cannot be maintained.

Physical Distancing:

At this time, the Helena Public Schools are preparing for a return to classroom setups, formats, and furniture that are more conducive to collaborative learning. During the 2020-2021 school year, classrooms were specifically setup to maximize distancing in accordance with each utilized phase. As we approach the 2021-2022 school year, we anticipate the return and use of classroom furniture that better allows students to engage in collaborative learning. That noted, we will continue the practice of classroom-based cohorts and discourage regular, cross-class participation unless guidance changes in this regard.

Handwashing and Respiratory Etiquette:

Throughout the 2020/2021 school year, our students became accustomed to new expectations with regards to handwashing and respiratory etiquette. Most notably, families were asked to symptom screen and keep children at home when they did not feel well and/or exhibited symptoms. Schools and classrooms worked to increase the access and frequency of handwashing and/or sanitization. These are practices that we will continue in the coming year. These practices include covering one's face when sneezing/coughing and cleaning high-touch surfaces.

Cleaning and Maintaining Healthy Facilities (including improving ventilation)

The Helena Public Schools will continue to ensure that our campuses and facilities are cleaned, maintained, and function with the health and safety of our students and employees as an ongoing priority. Air handling systems within our schools have been enhanced/upgraded to ensure needed air circulation and filtration. This includes no less than four (4) air changes per hour of clean air (fresh or purified) within each classroom and instructional space. Furthermore, we will continue our efforts of enhanced cleaning practices including proper sanitization of high touch surfaces will remain an ongoing area of focus including handrails, doorknobs, light switches, etc.

Contact Tracing

In alignment with local health protocols, we will continue to assess each confirmed COVID-19 case for close contacts. As required, close contacts may be expected to quarantine for a defined period of time. At this time, a person's vaccination status may/may not factor into whether they are required to quarantine.

School Nurses:

School nurses will continue to provide Covid related health services including but not limited to, training on health and safety protocols for students and staff, assisting the Lewis and Clark County Health Department with contact tracing and quarantining and assisting with staffing vaccination clinics.

Throughout the 2020/2021 school year, our students became accustomed to new expectations with regards to handwashing and respiratory etiquette. Most notably, families were asked to symptom screen and keep children at home when they did not feel well and/or exhibited symptoms. Schools and classrooms worked to increase the access and frequency of handwashing and/or sanitization. These are practices that we will continue in the coming year. These practices include covering one's face when sneezing/coughing and cleaning high-touch surfaces.

Diagnostic and Screening Testing

The Helena Public Schools will continue to partner with local health professionals to provide families and employees with needed access to COVID-19 testing. District-provided rapid-testing may continue, as needed, during the 2021/2022 school year. Otherwise, testing will need to be obtained through an outside organization and/or a person's healthcare provider.

Vaccinations

The Helena Public Schools will continue to act in accordance with state and federal law with respect to vaccinations for its staff and eligible students. As a district, we will continue to share information regarding vaccination clinics and will partner with local health care professionals to host opportunities as needed. As we did this past spring, we will work to provide employees with opportunities to obtain needed vaccinations and/or booster doses.

Please note that the Helena Public Schools will not refuse, withhold from, or deny a person any services, goods, facilities, advantages, privileges, licensing, educational opportunities, health care access, or employment opportunities based on the person's vaccination status.

Accommodating Students with Disabilities

The Helena Public Schools will continue to provide accommodations, aligned with related policies, for students with disabilities as determined appropriate based upon the individual student needs and in accordance with a individual accommodation plan or individualized education plan (IEP). Students requiring accommodations should contact their IEP lead, their school's administrator, or the HSD Special Education Office ([link](#)) to request information on plans for students with disabilities.

Continuity of Services: As part of our planned teaching and learning environment, the Helena Public Schools have prioritized the following services. Each of these services are directly aligned to the needs of our students, employees, and/or families.

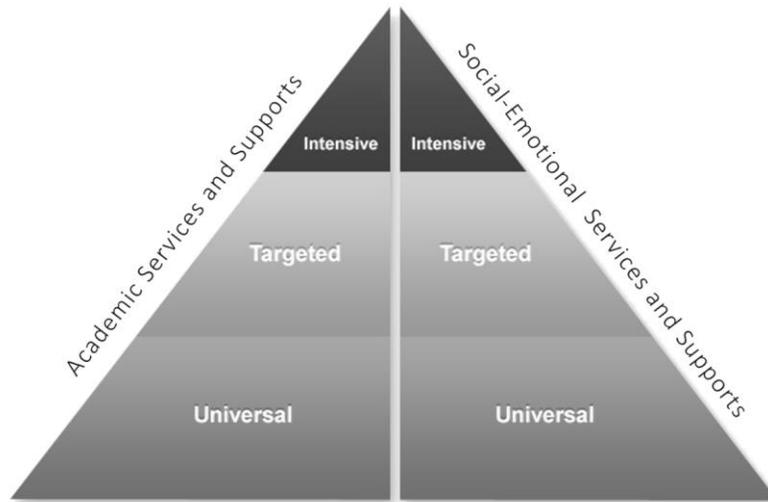

Student Academic Needs

Central to our priorities for the 2021-2022 school year is the assurance of a high-quality learning environment for all of our students. With the anticipated return to a fulltime, in-person learning environment, the forthcoming school year is expected to resemble our pre-pandemic environment. That noted, our teaching and learning environment evolved across the past year to include numerous practices associated with blended learning that were not previously common to our schools and classrooms. We intend to continue to develop these beyond-the-classroom opportunities in an effort to enhance and interconnect both in-school and beyond-school learning.

As a result of the pandemic, students have experienced challenges and interruptions to their learning. This unfinished learning must be continually addressed through our tiered intervention systems and practices. While academic interventions have always been a core part of our ongoing environment, a more robust set of academic interventions will be necessary to address the needs of students who are not performing according to grade level standards. In addition, intervention-specific specialists have been hired to lead, coordinate, and help monitor the intervention programs associated with each school.

Gaps associated with unfinished learning must be continually addressed, monitored, and remedied across the 2021-2022 school year and beyond. As illustrated through the below graphic, the Helena Public Schools utilize a multi-tiered system of academic and social/emotional supports ranging from all students (Tier I) to intensive, learner-specific needs (Tier III). This multi-tiered platform is embedded within our continuous improvement philosophy and practices and as expected, is dynamic and ever developing. Planned interventions include targeted summer opportunities for identified K-12 students focusing on both credit recovery and knowledge and/or skill/gaps (tier II).

Figure 3: HSD Multi-Tiered Systems of Support

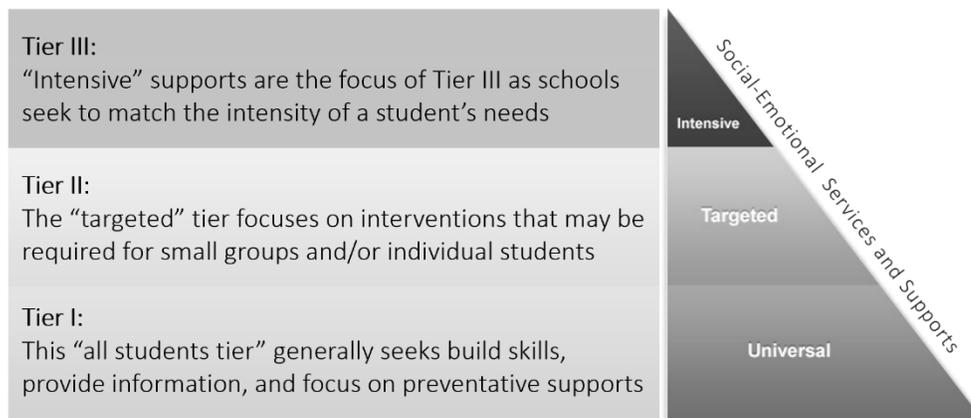

Student Social/Emotional and Mental Health Needs

The ongoing pandemic has produced well-documented social/emotional and mental health needs across our community, state, nation, and world. These needs, as they pertain specifically to school-age students, have been an ongoing area of analysis and collaborative effort. This focus on social-emotional needs must remain ever-present as an ongoing priority for the 2021-2022 school year.

Coupled with our tiered academic interventions (above), our system of social-emotional supports utilizes a similar model to identify specific student needs and align targeted supports accordingly. As we move into a different, more normal phase of this pandemic, continued needs associated with the challenges and traumatic events of the past sixteen months are expected. School and district-based teams will continue to carefully monitor these needs in an effort to remain vigilant and align resources accordingly. These include interventions categorized in accordance with the three below tiers ranging from the all-students tier of “universal,” to “intensive,” student-specific support services.

Figure 4: HSD Multi-Tiered Systems of Support

Other Student-Related Needs

As we plan for the forthcoming school year, the Helena Public Schools, through our partner, Sodexo, will continue to provide access to breakfast, lunch, and other meals across the summer months. Our anticipated operational environment is best described as nearing normal. Within this environment, we are planning for a return to our standard operational format including start/end times, regular transportation schedules, normal classroom setups/environments, and other day-to-day aspects associated with our schools.

However, we must remain ready to address any unforeseen challenges associated with the ongoing COVID-19 pandemic. With fully vaccinated rates expected to increase across the summer months, many of our eligible students and employees will have had the opportunity to become fully vaccinated prior to the start of the 2021-2022 school year. At this time, it remains unknown whether vaccines for students under the age of twelve will become available prior to the fall.

Employee Social/Emotional, and Mental Health Needs

The Helena Public Schools will continue to support the social/emotional and mental health needs of our employees through access to licensed medical providers. These support systems include access to our Employee Assistance Program (EAP), a voluntary, work-based resource that offers confidential assessments and needed services including short-term counseling, referrals, and other follow-up resources for employees who need to engage personal and/or work-related problems.

Other Staff-Related Needs

As a district, we will continue to support of professionals through needed collaborative planning time including Professional Learning Communities (PLCs). Furthermore, our partnership with local health professionals will remain ongoing as we seek to provide needed access to vaccinations and/or booster doses as these need-based opportunities arise.

The district will continue to provide access to the Lincoln Financial Employee Assistance Program and add supplemental programs throughout the 2021-2022 school year including a Wellness Fair in the fall, Wellness Clinics with St. Peter's Hospital in the fall, and other activities to support employees.

A survey will be sent from human resources soliciting interest in certain events, activities, and trainings, focused on peer-to-peer support, wellness, collaboration and social-emotional health.

A survey will be sent from human resources soliciting interest in certain events, activities, and trainings, focused on peer-to-peer support, wellness, collaboration and social-emotional health.

Public Input: The Helena Public Schools posted/presented our draft plan for the forthcoming 2021-2022 school year on June 8, 2021. Our Overview document has been posted to our district's website as an announcement/update and under the heading, "2021-

2022 District Planning” ([link](#)). This ESSER required Plan for a Safe Return to In-Person Instruction and Continuity of Services has also been linked as a supplemental document.

The district is actively seeking public feedback on our developing plans including an ongoing survey ([link](#)) and several updates messages that have been sent to parents/families and HSD employees.

As noted above, the district will review this plan at least once every six months and will provide an opportunity for public input as part of this ongoing process.

Appendix:

Aligned Governance/District Policies: Following the *Roadmap for Safely Reopening Montana’s Public Schools Using Emergency School District Policies* ensured the Helena Public Schools to remain in compliance with guidance and best practices provided by federal, state, or local health officials. Our schools and district have continued to adapt and adjust our policies as new and updated guidance and best practices have become available.

Furthermore, our format for considering these emergency-based policies provide us with opportunities to effectively consider input from our HSD Board of Trustees, administrative

team, employees, parents, students, health officials, and Helena community. These policies have enabled us to adjust our procedures and practices during different phases in compliance with guidance and best practices provided by federal, state, and local agencies.

The Helena Public Schools will continue to follow the policies noted below while engaging in a quarterly reevaluation process to continue to ensure the health, safety and wellbeing of our students, teachers, staff, and community. These policies are expected to remain in effect for as long as needed as a result of this ongoing pandemic and the associated period of recovery.

Topic	School District Policy Reference	Description of Policy and Associated Website Link	Policy Adopted and Revised Date(s)
Student, Staff and Community Health and Safety Needs - Use of Face Masks	1905	1905 : The Helena Public Schools adopted protocols as outlined in this policy, for the duration of the declared public health emergency. These protocols are designed to ensure the safe and healthy environment for both students and employees. As stated, the supervising teacher, principal, superintendent and/or designated personnel are authorized to implement these protocols in coordination with local and state health officials. The current version of this policy allows for masking to be recommended but optional while indoors on school/districts grounds.	1. 03/09/21 2. 04/13/21 3. 06/08/21
Student, Staff and Community Health and Safety Needs - Physical Distancing	1905	1905 : This policy establishes regulations regarding physical distancing by requiring, to the extent possible, all students, staff, volunteers, and visitors to maintain a three-foot distance between themselves and their colleagues and peers throughout the school day inside any school building, on school provided transportation, and on school property before and after school. Recess will continue as scheduled in accordance with recommended physical distancing guidance. Drop off and pick up of students will be completed in a manner that limits direct contact between parents and staff members and adheres to social distancing guidance around the exterior of the school building while on school property.	1. 03/09/21 2. 04/13/21 3. 06/08/21
Student, Staff and Community Health and Safety Needs - Handwashing and Respiratory Etiquette.	1905	1905 : This policy establishes the requirement for all students, staff, and others present in the school building to engage in appropriate hand hygiene. Hand hygiene includes but is not limited to washing hands with soap and water for at least 20 seconds. If hands are not visibly dirty, alcohol-based hand sanitizers with at least 60% alcohol can be used if soap and water are not readily available.	1. 03/09/21 2. 04/13/21 3. 06/08/21
Student, Staff and Community Health and Safety Needs - Cleaning and Maintaining Healthy Facilities	1905	1905 : This policy establishes that district personnel will routinely clean surfaces and objects in any school building and on school property that are frequently touched. This process shall include cleaning objects/surfaces not ordinarily cleaned daily.	1. 03/09/21 2. 04/13/21 3. 06/08/21
Student, Staff and Community Health and Safety Needs – Symptoms of Illness	1905; 3080	1905 : This policy establishes that all students and staff who are ill, feeling ill, diagnosed as ill, or otherwise demonstrating symptoms of illness must not come to school or work. Students who have a fever or are exhibiting other signs of illness must be isolated in a designated area until such time as parents or caregiver may arrive at the school to retrieve the ill student. All surfaces and areas should be thoroughly cleaned and disinfected once the	1. 03/09/21 2. 04/13/21 3. 06/08/21

		<p>student has vacated the area by staff utilizing safety measures in accordance with state and/or local health standards as applicable. Students may engage in alternative delivery of education services during the period of illness or be permitted to make up work.</p> <p>To avoid exposing others to illness, parents or caregivers who are ill must make arrangements with others to transport students to school or events, if at all practicable. If not practicable, parents, guardians or caregivers must not leave their vehicle during pickup or drop off and must arrange with District staff to supervise students in accordance with physical distancing guidelines in this Policy.</p> <p>3080: In all proceedings related to this policy, the Helena Public Schools will respect and maintain a student's right to privacy. Although the district is required to provide educational services to all school-age children who reside within its boundaries, it may deny attendance at school to any child diagnosed as having a communicable disease that could make a child's attendance harmful to the welfare of other students. The Helena Public Schools will rely on advice of school nurses and the public health and medical communities in assessing the risk of transmission of various communicable diseases to determine how best to protect the health of both students and staff. The district will manage common communicable diseases in accordance with Montana Department of Public Health and Human Services guidelines and communicable diseases control rules. The district may temporarily exclude from school attendance a student who exhibits symptoms of a communicable disease that is readily transmitted in a school setting. The Helena Public Schools may notify parents of other children attending a school that their children have been exposed to a communicable disease without identifying the particular student who has the disease.</p>	1. 03/20/12
Student, Staff and Community Health and Safety Needs - Diagnostic and screening testing.	1905	<p>1905: The School District has adopted the protocols outlined in this policy during the term of the declared public health emergency to ensure the safe and healthy delivery of education services provided to students on school property in accordance with Policy 1906, and a safe workplace when staff are present on school property in accordance with Policy 1909, and the safety, health and well-being of parents and community members. The school nurse(RN), principal, superintendent or designated personnel are authorized to implement the protocols in coordination with state and local health officials. The policy establishes regulations regarding symptoms of illness, and temperature screening.</p>	<ol style="list-style-type: none"> 1. 03/09/21 2. 04/13/21 3. 06/08/21
Vaccination Related Information	3010	<p>Please note that House Bill 702 passed the 2021 Legislature and was signed into law effective May 14, 2021. New Section 1 of that law provides that it is an unlawful discriminatory practice for a governmental entity to refuse, withhold from, or deny to a person any local or state services, goods, facilities, advantages, privileges, licensing, educational opportunities, health care access, or employment opportunities based on the person's</p>	

		<p>vaccination status. The law also provides it is unlawful for an employer to refuse employment to a person, to bar a person from employment, or to discriminate against a person in compensation or in a term, condition, or privilege of employment based on the person's vaccination status. Finally, House Bill 702 provides it is unlawful for a public accommodation to exclude, limit, segregate, refuse to serve, or otherwise discriminate against a person based on the person's vaccination status.</p> <p>3010: Upon initial enrollment, an immunization status form shall be completed by the student's parent or guardian. The certificate shall be made a part of the student's permanent record. A student who transfers from one school district to another may photocopy immunization records in the possession of the school of origin. The district shall accept the photocopy as evidence of immunization. When a student enrolls in the Helena School District the school the student left must send the original immunization records within thirty (30) days after the student has transferred out. Parents who choose not to immunize their child based on religious tenets must annually submit to the district a signed and notarized affidavit on the form prescribed by the State of Montana. The form must be presented to the district prior to the child's first day of attendance. The statement must be maintained as part of the student's immunization records. The district will also accept medical exemptions as required by law.</p>	<ol style="list-style-type: none"> 1. 02.12.13 2. 10.08.13 3. 12.10.19
<p>Coordination with State and local health officials.</p>	<p>1900, 1905, 1907</p>	<p>1900: In light of the COVID-19 pandemic, the Helena Public Schools Board of Trustees found it necessary to adopt temporary policies related to emergency school closures, the ongoing provision of educational services to students, meetings of the Board, gatherings on school property, health and safety of students, staff and community members, human resource matters and/or other potential budgetary matters.</p> <p>To ensure clarity and transparency, the Board has organized all emergency school policies into a temporary chapter. These protocols are designed to ensure the safe and healthy environment for both students and employees.</p> <p>1907: The Helena Public Schools Board of Trustees is authorized to declare that a state of emergency exists within the community. A declaration issued by the Board of Trustees is distinct from any declaration in effect or previously issued by local, state or federal authorities.</p>	<ol style="list-style-type: none"> 1. 03/27/20 2. 04/28/20 3. 05/12/20 <ol style="list-style-type: none"> 1. 03/09/21 2. 04/13/21 3. 06/08/21 <ol style="list-style-type: none"> 1. 04/28/20

		<p>Note: The Helena Public Schools will manage common communicable diseases in accordance with Montana Department of Public Health and Human Services guidelines and communicable diseases control rules. When information is received by a staff member or a volunteer that a student is afflicted with a serious communicable disease, the staff member or volunteer will promptly notify a school nurse or other responsible person designated by the Board to determine appropriate measures to be taken to protect student and staff health and safety. A school nurse or other responsible person designated by the Board, after consultation with and on advice of public health officials, will determine which additional staff members, if any, have need to know of the affected student's condition.</p>	
<p>How the district will ensure continuity of services, including but not limited to services to address students' academic needs and students' and staff social, emotional, mental health, and other needs, which may include student health and food services.</p>	<p>1906</p>	<p>1906: The Helena Public Schools adopted the protocols outlined in this policy to govern during the term of the declared public health emergency to ensure the delivery of education services to students onsite at the school, offsite at other locations using available resources including but not limited to online methods. The supervising teacher, principal, superintendent or designated personnel are authorized to implement this policy. The Board of Trustees may revise the school calendar to adjust the completion of the school year for particular grade levels and groups once students have satisfied the required number of applicable aggregate hours.</p> <p>The Board of Trustees authorizes instruction of students at the school facility in a manner that satisfies the aggregate number of instructional hours outlined in the School District's adopted or revised calendar for a school year affected by a public health emergency.</p> <p>The Board of Trustees authorizes offsite (remote) and/or online instruction of students in a manner that satisfies the aggregate number of instructional hours outlined in the School District's adopted or revised calendar for a school year affected by a public health emergency. Offsite and online delivery methods shall include a complete range of educational services offered by the School District and shall comply with the requirements of applicable statutes. Students completing course work through offsite (remote) and/or online instruction instructional setting shall be treated in and have their hours of instruction calculated in the same manner as students attending an onsite institutional setting.</p> <p>The Board of Trustees authorizes proficiency-based practices including grading, graduation requirements, and/or the calculation of situations when a student demonstrates proficiency in a course area as determined by the Board of Trustees using district assessments consistent with District Policy 1902 and/or other measures approved by the Board of Trustees during the course of a school year affected by a public health emergency.</p> <p>The Board of Trustees authorizes summer programming for the purpose of remediation of credit, maintenance of skills,</p>	<ol style="list-style-type: none"> 1. 04/28/20 2. 05/12/20

		<p>and enrichment. All classes offered for credit must meet minimum state requirements for accreditation and may be delivered at the school or at another offsite location. Remediation credit courses shall be offered, grades 9-12, in accordance with District advancement requirements. Credit course offerings must be approved by the Board of Trustees.</p> <p>In accordance with Section 20-1-301, MCA, and any applicable collective bargaining agreement covering the employment of affected employees, the Board of Trustees may establish a school calendar with an earlier start date and a later end date from non-emergency school years to ensure students receive the minimum number of aggregate instructional hours.</p> <p>Students shall receive services in accordance with the applicable Individualized Education Plan or Section 504 Plan based on methods and locations agreed upon and documented by the applicable team to meet the student's needs and goals. Students shall have access to regular school counseling services whether their instruction is provided in an onsite, offsite or online setting. Staff shall promptly report any suspected student distress or concern to their supervisor for review and referral. Students receiving instruction in an offsite setting are governed by the staff obligation to report suspected child abuse or neglect. This policy in no way limits or adjusts the School District's obligations to homeless students or students in foster care. Applicable District policies serving these students, or this population of students remain in full effect.</p>
